DISCIPLINE

Secretarial & Office Management

COURSE INTRODUCTION

Good contract administration is required to manage design specification, contractual agreement, competitive tendering, evaluation, cost control, variations, final accounts, claims and even disputes, this will eventually help to reduce construction / project costs. Poor management in any of these aspects would lead to unnecessary claims and disputes and eventually higher construction / Project costs.

COURSE OBJECTIVE

Upon successful completion of this course, the delegates will be able to:

- ✓ Develop in-depth knowledge of contract administration for Conventional and design & building contracts
- ✓ Examine contract administration in different phases of the project delivery process
- ✓ Explore alternative contract claims and dispute resolution.
- ✓ Apply effective contracting strategies and techniques to maximize results and minimize risk
- ✓ Manage an effective contract life cycle

- ✓ Identify strategies and tactics to select the most qualified vendors
- ✓ Orchestrate the negotiation process for "win-win" outcomes
- ✓ Employ best practices for contract administration and execution
- ✓ Ensure delivery of intended objectives and successful contract closure
