COURSE INTRODUCTION

Relationship management and after sale service have been found responsible for today's businesses' success in maintaining and expanding clientele base. It is the psychology of support and confidence that make a customer to stay loyal or look for the ultimate exist door.

This workshop takes full interest in getting managers to get the right customer service and the overwhelming mindset of business excellence into their daily practice. It is a give and take customer relationship and as much as customer believes that he can rely on your warranties, product quality, and your continuous support and after sale service, as much as you would win his loyalty and guarantee his on-going lucrative business.

Organization's effectiveness is measured by their ability to supply their customer needs and wants efficiently. But how the organization can achieve excellent customer service is a key issue to sustain competitive business environment. This workshop aims to bring professional, high-level customer service concepts into common ground with front-line

services by offering a unique improvement tool to help those delivering services and put their customers at the core of what they do.

This course is also designed to enrich and update the knowledge and skills of the participants for achieving excellent customer relations and applying world-class strategies and tactics to keep track of the changing customer needs.

COURSE OBJECTIVE

Upon successful completion of this course, the delegates will be able to:

- Articulate why Customer Relationship Management (CRM) is essential for attracting, retaining and growing loyal customers.
